DanceEast Safeguarding Policy

Section 1

Introduction:

DanceEast recognises that the term ‘young people’ has no legal basis but employs this term to refer to anyone under the age of 19 with whom the organisation works. Within the age range covered by the term ‘young people,’ appropriate responses will be different depending upon the actual age of the individuals involved.

DanceEast recognises that the term ‘vulnerable persons’ has no legal basis but employs it to refer to anyone who through circumstance, situation or mental or physical ability may be at an increased risk of abuse or maltreatment.

DanceEast recognises that the needs of young people are not necessarily the needs of vulnerable persons or vice versa. DanceEast also recognises the need to tailor its response in a manner appropriate to the situation for young people or vulnerable persons and will take into consideration the different ages and needs of each group.

DanceEast maintains that all people, regardless of age, disability, gender, race, religion or belief, sex, or sexual orientation have a right to equal protection from all types of harm or abuse, and that some children/adults are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.

DanceEast has produced a combined Safeguarding Policy for young people and vulnerable adults because the process of risk assessment and the development of appropriate responses, although resulting in different outcomes, should follow the same framework. It is a privilege to work with young people and vulnerable people; it is also a great responsibility. Parents / carers and family members trust us to look after their young and vulnerable people, to care for them, give them leadership, and keep them safe.

DanceEast strives for best practice in all circumstances and with all groups and through this policy aims to safeguard everyone who is involved in DanceEast’s activities.

The following documents have been referred to in the review of this policy

- *Safeguarding for charities and trustees – Organisations that are registered charities must also follow guidance from the Charity Commission*
- *Department for Education – ‘Keeping children safe in out-of-school settings’*
- *Working together to safeguard children (2023) – statutory guidance on inter-agency working to safeguard and promote the welfare of children*
- *Keeping children safe in education (2023) – statutory guidance for schools and colleges on safeguarding children and safer recruitment*
- *The Care Act (2014) – sets out the legal framework for safeguarding adults*
- *Arts Council England's Safeguarding Policy for Grant Holders*

DanceEast Safeguarding Policy

Policy Statement:

DanceEast's policy statement is designed to be a dynamic document and as such will be reviewed, and if necessary revised, each year. The omission or incompleteness of any element of the policy, guidance or required procedure in no way invalidates any other part of the policy.

- DanceEast is committed to the protection and safeguarding of all young and vulnerable people under its care during its activities.
- Safeguarding is everyone's responsibility. All staff must be vigilant and proactive in protecting the children, young people and vulnerable adults we work with from harm.
- Parents/carers and/or families will be informed of DanceEast's safeguarding procedures and given the opportunity to engage in safeguarding practices, including consent for media use and online participation.
- DanceEast recognises the growing importance of digital safeguarding and is committed to a culture of online safety. DanceEast will ensure that online platforms used for engagement are secure, reliable, and managed responsibly. This policy sits alongside DanceEast's Data Protection and Social Media Policies.
- DanceEast is committed to the provision of suitable and adequate supervision, support and training and to the provision of resources for those who work with young and vulnerable people.
- DanceEast will foster a culture of safeguarding where online/digital safety is an inherent part of activity planning and fully integrated into organisation wide safeguarding.
- DanceEast will facilitate the safe, responsible and respectful use of technology to support learning and engagement and undertakes to ensure that technology and systems used are reliable, secure and fit for purpose.
- To clarify what constitutes appropriate behaviour for staff and to provide guidance on avoiding situations in which a member of staff's actions may be misunderstood (this point covers the protection of young and vulnerable people and the protection of staff from false allegations)

All DanceEast staff will be given a copy of the Employee Handbook together with DanceEast's Equal Opportunities Policy, Social Media Policy and Safeguarding Policy. Staff must agree to support the principles and guidance contained within these documents as a condition of their employment or engagement.

DanceEast Safeguarding Policy

Section 2

- Wherever practicable, staff will not be left alone with a young or vulnerable person. For example, in the instance of a potential disclosure
- If privacy or confidentiality are required, another member of staff should be told, doors should be left open and the member of staff and young or vulnerable person should be monitored periodically, the young or vulnerable person should be told about this arrangement
- Staff need to check that access to and from any buildings used for project work are safe and well lit
- That all staff carrying out Regulated Activity (as defined by the Safeguarding Vulnerable Groups Act) have an enhanced DBS check that was issued within the previous two years, or subscribe to the DBS update service and provide identification number. Staff must provide original copies of DBS documentation, a form of photographic identification
- That staff receive appropriate levels of training in safeguarding young and vulnerable persons.

Staff responsibilities:

- Staff must maintain clear professional boundaries, and not invite a young or vulnerable person to a social event or to their home

DanceEast Safeguarding Policy

- All staff will avoid engaging with young or vulnerable people via text/mobile phone calls/email/social media or equivalent unless absolutely necessary for example when referred to in a specific project agreement (see Section 5)
- *Staff must avoid one-to-one communication with young people, including emails, texts, and online messages. If such communication is necessary, it must include more than one staff member or be conducted in a group format to ensure transparency and accountability.*
- All staff will ensure that parents / carers know where the young or vulnerable people are, and will obtain written consent from parents / carers for non-routine events or visits.
- Staff must avoid giving lifts to children, young people, or vulnerable adults. If alternative transportation cannot be arranged and giving a lift is unavoidable, staff must ensure appropriate permissions are obtained by a parent/carer, the individual sits in the rear of the car, and a second staff member is present. DanceEast Safeguarding Policy

Section 4

Procedures to Follow:

DanceEast is committed to the protection of young and vulnerable people from physical, sexual, emotional or other forms of harm and seeks to improve their well-being through any contact they have with the organisation. In order to achieve this, staff need to value young and vulnerable people and take time to communicate with them when they choose to express themselves concerning their experiences and concerns. It is important that all staff know how to respond if abuse is disclosed or suspected.

Staff shall:

1. Remain calm and in control
2. Understand carefully what has been communicated
3. Ask questions only for clarification
4. Not promise to keep it 'a secret'
5. Communicate that they will need to share the information with others, but explain that this will be with the Safeguarding Officer, and that they may pass this information on
6. Reassure the young/vulnerable person that they did the right thing
7. Make sure that the young or vulnerable person knows what will happen next
8. Make notes as soon as practicable afterwards using the young/vulnerable person's own words and wherever possible using the form shown at Appendix 1 and available from www.danceeast.co.uk/safeguarding
9. Speak to DanceEast's Safeguarding Officer as a matter of priority and as soon as is practicable, but always within 24 hours
10. In the case of an urgent incident/concern, the member of staff will communicate the matter as soon as possible, and complete the written report afterwards, and always within 24 hours.

If you are unable to use the Disclosure Form Appendix 1 or access the downloadable form from www.danceeast.co.uk/safeguarding please follow the guidelines below:

- a) Records should be made as soon as possible after the incident/concern is raised
- b) They should contain the date, time, people present, anything said (verbatim if possible) and any action taken, including whom the incident/concern was reported to and when
- c) Physical appearance or behaviour of the child or adult at risk should be recorded as factually accurately as possible
- d) Professional opinion should be set apart from factual observations and labelled as such. Judgmental language should be avoided.

DanceEast Safeguarding Policy

Subsequently:

- The Safeguarding Officer will investigate the issue and assess the level of risk of harm
- The Safeguarding Officer will seek advice from external agencies where required to inform decision making about the appropriate course of action to be taken, sharing necessary information as appropriate to best protect the child or adult at risk, with their consent wherever possible, unless this will delay or impede the investigation
- Where risk of harm or abuse is identified, DanceEast will take action to best protect the young or vulnerable person at risk. DanceEast will involve the young or vulnerable person in decision making and act with their consent where possible. The Safeguarding Officer will take action without consent where this is considered to be in the best interests of the young or vulnerable person, informing them of actions taken.
- The Safeguarding Officer is responsible for referring information to the statutory authorities (Social Care Services or Police)
- The details of the disclosure or concern must not be discussed with anyone other than the young or vulnerable person, the Safeguarding Officers and the statutory authorities. It may be necessary to inform other staff working directly with the young or vulnerable person, on a need-to-know basis.
- If the disclosure, or concern is about someone who works for DanceEast the person must be excluded from any activities involving young or vulnerable people until the matter has been investigated and resolved.
- If the disclosure or concern is about a Safeguarding Officer, the person reporting the incident/concern should contact the Safeguarding Lead of the DanceEast Board – board.safeguarding@danceeast.co.uk.

DanceEast Safeguarding Policy

Section 5

Digital Communication, Social Media and use of Mobile Phones

When working with young people and vulnerable adults:

- On no occasion should you engage in private messaging
- It is acceptable for you to set up a 'professional' social media account, separate from your 'personal' account, where more than one person should have access
- You should not offer out or accept requests to communicate with young people or vulnerable adults on any social networking platform
- You should not establish personal connections with young people, or vulnerable adults on any social media or digital platforms. If an employee is working with a child, young person, or vulnerable adult who they are already 'friends' with on social media or digital platforms (for example through family friendships), this must be disclosed to their line manager. Communication should continue to relate to the prior relationship rather than DanceEast activity
- When engaging in digital and direct communication with Children, Young People and Vulnerable Adults, staff must never initiate or maintain direct communication (via email, phone, text, or digital platforms) with a child, young person, or vulnerable adult without explicit parental/carer consent, ensuring that all communications are transparent, professional, and include a parent/carer copied on all correspondence or present during any interaction
- When instant messaging (such as WhatsApp) is essential for a project or Regulated Activity with children, young people, and vulnerable adults, communication must be conducted on DanceEast-owned devices and phone numbers, with a group chat formed that includes at least two DanceEast staff members to moderate. Full parental/carer consent must be obtained (including permission for sharing contact details with the other children, young people and vulnerable adults), and upon completion of the activity, all participants will leave the chat and the group will be immediately deleted.
- All participants complete an appropriate and detailed Media Consent form for all activities.

Further details on acceptable use of social media can be found in the DanceEast Social Media Policy. Any breach of this Policy may result in disciplinary action up to and including dismissal.

DanceEast Safeguarding Policy

Online Platforms (Video Messaging & Conferencing e.g. Zoom / Teams)

This statement provides safeguarding guidance for all digital interactions, including online video messaging and conferencing platforms (such as Zoom and Microsoft Teams), to ensure the protection, safety, and professional conduct of young people, and vulnerable adults during digital engagement. These guidelines are designed to prevent potential risks, maintain professional boundaries, and create a safe virtual environment. This statement provides safeguarding guidance to those creating and managing online content (staff), as well as those interacting with it (participants, etc.). This guidance adheres to procedures around Professional Conduct and Bullying.

DanceEast Staff (and Contractors)

Staff will behave in a professional manner at all times, ensuring their workspace is neutral and nothing inappropriate can be seen or heard in the background.

At all times, staff must only interact with users in a visible manner:

- Staff are not permitted to take part in private messaging with young people and vulnerable adults.
- Staff are not permitted to conduct one-to-one live classes/sessions with young people and vulnerable adults. There should be at least two staff members present in the online session.

All staff members have a duty of care to safeguard all participants through online platforms. If any incidents/concerns are raised, DanceEast safeguarding procedures must be followed.

Students and Parents/Carers

- Users must have permission from parents/carers to take part in any online session provided by DanceEast
- During live sessions, parents/carers are responsible for chaperoning users and must oversee their safety.
- Users may be asked if permission to access the session is given by a parent/carer, if so, a parent/carer must provide visual approval.
- Interaction with all participants during live online platforms must, at all times, be kind and considerate, and bullying behaviour will not be condoned. If behaviour and actions by a user is deemed inappropriate, their involvement will be terminated immediately.
- Users are not allowed to message any DanceEast staff or other users privately during the live session.
- All commenting must remain public to both users and staff managing the live session.
- Some online platforms are age restrictive, in this instance parents/carers should manage the controls of this and advise their young person if they are allowed to access the service.

DanceEast Safeguarding Policy

Section 6

Physical Feedback

DanceEast recognises that dance is a physical skill where appropriately used touch can support learning. This statement provides guidance for staff, participants, and parents/carers about physical feedback during activities.

When providing physical feedback, staff must ensure touch is:

- **Necessary:** Use physical feedback only when demonstration or verbal instruction is inadequate
- **Permitted:** Seek explicit consent before any physical contact
- **Clear:** Explain the precise purpose and method of touch
- **Contextual:** Provide rationale for physical guidance
- **Respectful:** Allow participants to refuse physical feedback
- **Emotionally Aware:** be calm and professionally composed when providing physical guidance
- **Safe:** Avoid unsafe physical positioning
- **Considerate:** Recognise and respect individual boundaries

Staff should consider principles around consent for physical feedback, including;

- Consent must be freely given
- Consent is specific to each instance
- Consent can be withdrawn at any moment
- Non-verbal cues are as important as verbal responses

Participants have the right to:

- Refuse physical feedback at any time
- Feel safe and comfortable during activities
- Ask questions about physical feedback
- Communicate their personal boundaries
